

ENERGY POLICY

MORE THAN A ROCK

Rockwool Limited is the UK subsidiary of the Rockwool Group, the world's leading producer of stone mineral wool insulation products that provide thermal insulation, fire protection and acoustic performance. Our products are made from natural, recyclable stone making them durable and sustainable.

We make and supply a full range of smart and sustainable insulation products for the construction industry based on innovative stone wool technology. Our sister companies deliver specialist solutions for the horticultural, marine and offshore sectors.

We actively promote efficient use of energy by:

- Monitoring energy use and driving continuous improvement by setting targets on an annual basis.
- Ensuring the availability of sufficient information and resources to meet those targets.
- Complying with all applicable legislation and other requirements.
- Targeting energy saving potential and implementing cost effective energy saving measures.
- Ensuring energy efficiency is a factor that is taken into consideration when procuring equipment, products and services.
- Operating an energy management system that conforms to ISO 50001:2011.
