

HEALTH AND SAFETY POLICY

MORE THAN A ROCK

Rockwool Limited is the UK subsidiary of the Rockwool Group, the world's leading producer of stone mineral wool insulation products that provide thermal insulation, fire protection and acoustic performance.

The management is committed to continuously improving the health, safety and welfare as a means of preventing its employees, contractors or visitors from coming to any harm.

We actively promote positive health and safety by:-

- Providing adequate resources to comply with current health and safety legislation and all other requirements to which Rockwool subscribes.
- Adequately controlling health & safety risks that may arise from our activities.
- Engaging and consulting employees on matters that may affect their health and safety.
- Providing and maintaining safe plant, equipment and working environment and to ensure safe handling, storage and use of substances.
- Providing adequate information, instruction, training and supervision to ensure employees are competent and empowered to work safely and challenge any work activity they believe to be unsafe or unhealthy.
- Setting clear health and safety objectives through annual safety plans, supported by monthly review meetings, to ensure the continued effectiveness of health and safety.

Individual responsibilities for health and safety and the arrangements for ensuring that this policy operates effectively are described in more detail in our Management of Health and Safety overview document.

This statement of our health and safety policy is communicated to every employee and made available to interested parties on request.
